

→ Record-Setting Enrollment Growth

Since beginning with 27 students in 2005, ACE has shown consistent growth (except for a brief downturn in 2013 and 2014). Even as disruption dominated in 2020, the college's enrollment growth accelerated.

Active enrollments increased by more than 18 percent, with YTD new student growth up more than 25 percent, marking ACE's largest active student growth rate since 2016.

Year-End Active Enrollments
